HIGH PERFORMANCE BRUSHABLE ELASTIC SEALANT

WHY CROWN SAFE?

CROWN SAFE is a high-performing, brushable, elastic sealant with rubber-like flexibility designed to stop water intrusion into masonry chimney crowns, roofs, and various other building surfaces. Crown Safe's fibered formula produces a clear, see-through finish which is extremely flexible and highly resistant to tears, shears, stress, and weathering. The unique properties of this product allow successful application in extreme weather, such as freezing and wet conditions. Preferred by chimney and roofing professionals for its versatility, Crown Safe is the ultimate water intrusion prevention product!

CROWN SAFE FEATURES:

- STOPS WATER INTRUSION INSTANTLY
- CURES TO A CLEAR FINISH
- APPLIES IN EXTREME WEATHER CONDITIONS & TEMPERATURES
- ADHERES TO MANY DIFFERENT SURFACES
- FIBERED FOR STRENGTH TO RESIST CRACKING & PEELING
- ONE STEP PROCESS! NO PRIMERS OR PRE-COATS REQUIRED
- RESISTANT TO MILDEW, UV LIGHT & ACID RAIN
